

YWCA Princeton After School Program

eliminating racism
empowering women
ywca
Princeton

The YWCA Princeton has been proudly providing Before School and After School Programs to thousands of children and families since the mid-1970's. Our programs are safe, nurturing environments. We inspire and engage children in learning, provide opportunities for play and socialization, encourage children to explore their interests, and provide "peace of mind" for working parents.

- **Lawrence Township Schools**
- **Princeton Regional Schools**

We provide a variety of interesting, social, educational, fun, physical, and creative after school activities to engage and stimulate your child's growth.

Daily activities include homework time, group games, teambuilding activities, sports, arts & crafts, adventure, science, and a healthy lifestyle planning program. Plus each child receives a healthy snack to help them concentrate on having fun!

Enrichments* provide hands-on experiences and delves into magical worlds such as Robotics, KidzArt, Science Seeds, instructional sports, and more.

Our program is licensed by the State of New Jersey, Department of Human Services, Division of Youth & Family Services. We are a registered member of the Afterschool Alliance, NJSACC and an enthusiastic participant in their national annual *Lights On Afterschool* celebration.

Our core curriculum includes a multicultural program and a bullying-prevention program that foster self-esteem and teaches children to respect themselves, others, and the environment.

* Enrichments are available at most schools for an additional cost with new subjects offered throughout the school year.

2017-2018

		Before School Program	After School Program
	Grades		
Lawrence Township			
• Ben Franklin Elementary	K-3	BSP*	ASP
