

Now Hear This!

“Now Hear This: A Forum Promoting Open and Honest Conversation”

A coalition of congregations and community groups have joined forces to encourage a Princeton-wide reading of “The New Jim Crow” by Michelle Alexander. Join us as we examine the impact of issues in this book as they relate to women, children and their families. This discussion will address both the unique concerns of incarcerated women and of those women who live with the consequences of having family members in prison or recently released from jail.
