

The Burke Foundation Early Childhood Center at YWCA Princeton

As of March 1, 2023 the YWCA Princeton will change the mask policy, making the **wearing of masks optional** for all employees, **CHILDREN** and visitors.

The YWCA Princeton strongly encourages employees to follow all safety protocols, and if showing symptoms of any respiratory diseases or communicable diseases to wear a mask.

Additionally, children who are exposed to Covid-19 do not need to quarantine if they remain asymptomatic; however, children must wear a mask for 5 days following the exposure and test at least five full days after exposure. (**Home Tests are acceptable.**) If symptoms develop or a positive test is received, the child must stay home and parent/guardian must contact the Director & Assistant Director at: toshea@ywcaprinceton.org and ncheng@ywcaprinceton.org. Upon return to school after covid-19 absence, children are required to wear a mask for an additional 5 days.

As state and federal authorities release new health and safety guidance and requirements, YWCA Princeton will continue to review and update our communicable disease-related policies and procedures as warranted and inform you of any changes. The YWCA Princeton reserves the right to change this mask policy at any time.
