

Dear YWCA Princeton Community Members,

Serving on YWCA Princeton's Board of Directors is an opportunity to join a legacy—now 100 years strong—of empowering women and families. Board members provide guidance, support, and expertise to strengthen the YW's impact and ensure it is meeting its strategic goals. Members can serve on committees that suite their interests and skills, including Mission, Nominating, Facilities, Development, or Executive.

After recently completing a community needs assessment and reinstating a full-time Director of Advocacy, this is an integral time at YWCA Princeton. We are also in the final phase of our capital campaign, which will result in the construction of a new building fitted to meet the needs of women and families through mission-based programming that creates opportunities for personal and professional empowerment. We're committed to creating a more equitable future, and we want you to be part of it.

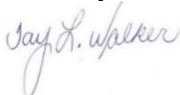

We welcome professionals and activists of all backgrounds, and are particularly seeking those with skills and experience related to fundraising, finance, architecture or engineering, law, and social justice.

Board members serve terms of 3 years and are expected to attend meetings every other month, September through June. Supporting major YWCA Princeton events and fundraising efforts is also an expectation.

As an organization that focuses on empowering women, our Board leadership is comprised entirely of female-identifying members of our community. We encourage men and male-identifying members of our community to serve on committees or join us as volunteers

Those who are interested in joining the Board of Directors can contact YWCA Princeton Chief Finance and Operations Officer Rose Wong at [rwong@ywcaprinceton.org](mailto:rwong@ywcaprinceton.org) or (609) 497-2100 ext. 333 to learn more, submit an inquiry, or request a nomination form.

In solidarity,

Tay L. Walker  
Chief Executive Officer

Nikki Jones  
Interim Board President and Treasurer
